Hello Sir

Attached are the following plans:

- SMEAC - Area Clearing Plan (Kennedy)
- Traffic and Tow Plan (Cairns) – Note: still requires further development. Cairns is gaining some ground regarding tow supports.
- Public Order (Edwards)
- Draft Arrest and Detention Ops Plan (Stokes and Ritchie) – Note: people aren't populated in the plan but I was told there are 5 transports (including OPP)

Marty G and Julie M will be arranging staffing for the scribe, Operations Chief, Inventory Controller (that role is described generally in the SMEAC).

Let me know if you need more.

Cheers

K
